

WATERLOO®

TOOL STORAGE

Catalog
2005-2006

You can see everything in this catalog and a whole lot more at...

www.waterlooindustries.com

The Waterloo® website is a superior tool for communicating the very latest and most complete information on Waterloo® tool storage products. This printed catalog provides a great overview with key specifications on the Waterloo® product line, however, be sure to visit our website for the most up-to-date product information and detailed specifications available.

Waterloo® Limited Warranty

Waterloo® products have been manufactured to the highest standards of quality and workmanship. Waterloo Industries, Inc. warrants its Waterloo® brand products to be free from defects in materials and workmanship under normal use for the following periods from original date of purchase:

-  **Magnum® for as long as the original purchaser owns the product**
-  **Traxx® and TR-Series for 7 years**
-  **ProMaxx, Pro Series, Tool Room Series, Specialty products, workbenches for 5 years**
-  **Shop Series, portables and all other products for home use for 1 year.**

If any product is found to be defective in material or workmanship during normal use within the applicable warranty period, your exclusive remedy is replacement of the defective product or parts. This warranty does not cover products that are damaged through any misuse, abuse, accident, neglect, modification or mishandling. Waterloo Industries, Inc. will not be responsible for any losses, injuries or costs of any nature, including indirect, incidental or consequential damages relating to this product, including transportation charges. Except as provided by law, this warranty is in lieu of and excludes all other warranties, conditions and guarantees, whether expressed or implied, statutory or otherwise, including without restriction those of merchantability or fitness for a particular purpose.

Some states, provinces and nations do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply to you. This warranty gives you specific legal rights and you may have other rights which vary from state to state, province to province, nation to nation. Waterloo Industries, Inc. will advise you of the procedure to follow in making warranty claims.

WATERLOO[®] Magnum[®]

Built specifically for rugged work environments where maximum strength, security, organization, and mobility are demanded by professional automotive and industrial mechanics and technicians.

Combined with a lifetime warranty, these tool boxes provide you with the quality and features you need and a brand name you can trust.

KEY BENEFITS

- Roll-cage construction provides a solid framework reinforcing the unit for years of quality performance.
- Pop-out twist-turn locking mechanism has high security tubular lock.
- Industrial quality gas struts allow for easy opening and closing of chest lid.
- A full-length cover stiffener with emboss on lid provides extra rigidity.
- Extra heavy-duty ball-bearing slides hold up to 125 lbs. to bear the heaviest load.
- 6" x 2" (152 x 51mm) casters and 14-gauge caster support channels for load capacity up to 3,000 lbs. on certain carts.
- Hang-on side locker provides bulk storage area to hold large tools and equipment.
- All units come with non-slip drawer liners and drawer dividers to help protect your tools and drawer surfaces while keeping it organized.

WATERLOO Traxx®

Professional grade chests and cabinets designed for work environments where solid construction and a wide range of features, including ball-bearing drawer slides are required.

Backed with a 7-year warranty means that you can load your cabinet with confidence.

KEY BENEFITS

- Sidewall post construction provides extra rigidity for handling large loads.
- Full-extension, ball-bearing drawer slides for complete tool access to the total drawer with a load rating at 75 lbs.
- Positive-stop side handles on all chests prevent injuries when lifting.
- An internal keyed locking system secures all drawers and compartments so your tools will stay safe.
- Polished drawer trim adds to the overall appearance of the units
- Solid 5" x 2" (127 x 51mm) casters and caster support channels allow for a load capacity up to 1,200 lbs.
- All units come with non-slip drawer liners to help protect your tools and drawer surfaces while keeping it organized.

WATERLOO Shop Series

Designed to meet your utility, storage and mobility needs, these cabinets offer a great selection of sizes and drawer configurations.

Reinforced sidewall construction, external lock bar and keyed locks combined with high quality casters provide an exceptional value at an economical price.

KEY BENEFITS

- Smooth-action, full-extension drawer slides provide complete access to the total drawer.
- Full-width drawer pulls provide ability to open drawers from any angle.
- External lock bar with a keyed lock provides visible proof of security (ML-522 lock bar with hasp).
- The bulk storage area in various cabinets can be used to store oversized tools.
- Sturdy 4" x 2" (102 x 51mm) casters for mobility around the shop (ML-314 has 3" casters).

Applies to Shop Series for 1 year.

WATERLOO Specialty

Waterloo® Tool Storage Specialty Products include a variety of professional-grade tool storage for specialized needs.

Utility carts make it easy to transport all of your tools to any worksite, while still providing a useful work surface.

KEY BENEFITS

Road Boxes

- Road boxes are designed for extreme usage by providing an extra heavy-duty shell, extra durable slides and weather resistant paint.
- These units also have a reinforced drop-front security panel with gasket closure to protect tools from weather and theft.

Utility Carts

- Mobile utility carts bring convenience to the job by allowing the user to move large loads of tools and supplies from storage to the work area.
- These units also have keyed lockable drawers to protect tools from theft (UC100 not included).

Applies to Road Boxes and Utility Carts for 1 year.

Waterloo® Workbenches

All Waterloo® workbenches make working easier by providing sturdy, stable, work surfaces; from benchtop wood to galvanized steel-over-wood.

With a variety of sizes and drawer configurations available, there is a solution for everyone.

KEY BENEFITS

- Heavy-gauge steel construction is engineered for strength and durability.
- Steel pegboard sides are used to hang large tools within easy reach.
- Molded storage trays and storage bins with dividers on most heavy-duty benches provide additional storage.
- Steel slides available for basic uses, while ball-bearing slides on the more deluxe models create an option for any need.
- Wide assortment allows you to choose from a selection of six different workbenches.

Applies to
Workbenches
for 5 years.

Plastic Portables

Extra heavy-duty plastic tool boxes are offered in many shapes and sizes to fit most needs. These portables are molded with heavy duty, high impact polypropylene resins that will not dent, rust or mar most surfaces.

Several boxes have various levels of trays and small organization to assist in keeping tools in place.

KEY BENEFITS

- A popular alternative to traditional steel tool boxes in almost all applications.
- Molded-in color with heavy-duty high-impact polypropylene resins.
- Plastic portables will not dent, rust or mar other surfaces.
- All plastic portables have flush tops for convenient stacking and storing.
- Sure-grip handle in tote trays prevent tote from accidentally rotating in your hand.
- Light-weight and convenient for transporting tools anywhere.

We Work In Your World.

Waterloo Industries, Inc. a leading manufacturer and marketer of tool & utility storage products, has built its business on such traditions as: Quality Product, Innovation, Value, Customer Friendly Programs, and Exceptional Customer Service.

We take great pride in our strong customer relationships in various channels of distribution. We keep a single-minded focus on exceeding customer expectations by designing and manufacturing the highest quality of products. Waterloo Industries has continually grown and expanded by providing professional mechanics, machinists, craftsmen, and home do-it-yourselfers with the most innovative, highest quality tool storage products available.

Waterloo views thorough market knowledge and new product development as catalysts for market growth. Color options, design features and competitive pricing are just a few of these.

Since the release of our last catalog, we have introduced a variety of products in new colors plus added exciting new options to meet the tool storage needs of our customers.
